JIC/AN Male x JIC/AN Female Swivel Adapter

Manufactured to the precise SAE J514 standard, our stainless steel JIC/AN fittings exemplify robustness and precision. With innate resistance to corrosion and rust, they're tailored for demanding settings. Featuring ORB (O-Ring Boss) and NPT configurations, these fittings ensure broad application. Stainless steel guarantees enduring strength and a polished look.

Material: 316L Stainless Steel

Shaping: Forged

Standards: ASME B1.20.1, SAE AS71051
