Mintor TSF/G Series | Oil Filling Plug with Breather | Aluminium Alloy | BSP Thread | 40Micron Filtration

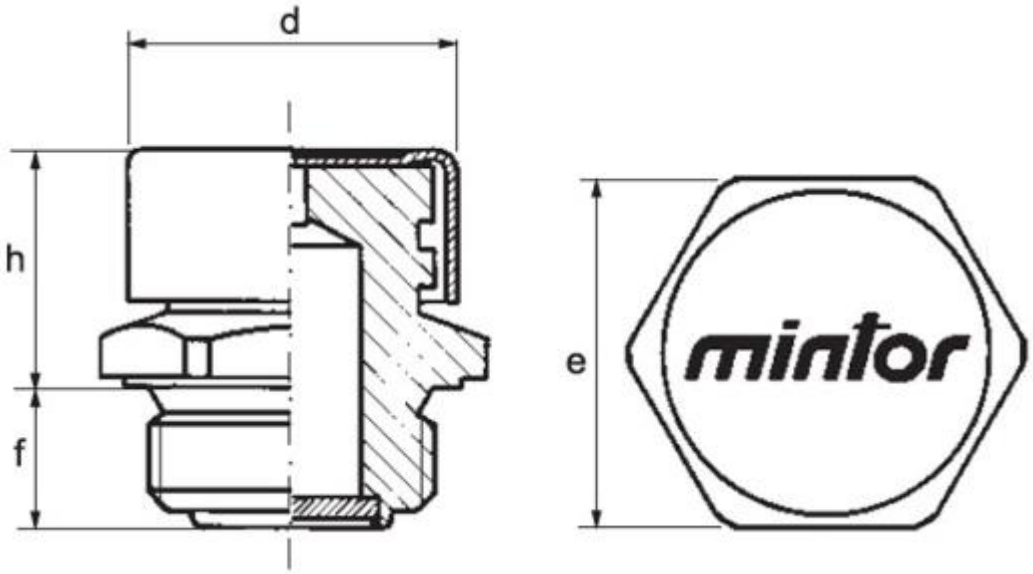

Application: Hydraulic Units | Gear Box | Cylinders

mintor TSF

TECHNICAL FEATURES:

- Oil filling plug and breather in aluminium alloy
- Galvanized steel cover and a spherical bronze filter vents internal pressure and keeps out foreign bodies during intake stroke.
- The TSF is therefore especially suitable in dusty environments
- Working Temperature: -20°C to +140°C max
