HPF30 - *High pressure filters*

HPF 30

HPF is the high pressure filter series for pressure up to 420 bar. Our product range is composed by 3 diffrent size with nominal rated flow up to 350 l/min.

TECHICAL DATA

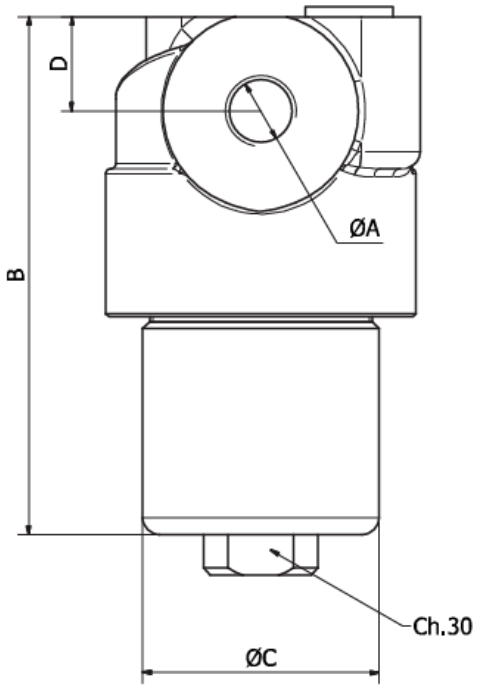

- Max working pressure 420 bar
- Testing pressure 600 bar
- Collapse pressure 20 or 210 bar
- Working temperature from -20 up to +95°C
- By-pass valve setting at 6 bar ± 10%
